How well does your surgery center *operate*?

HPP'S TARGETED IMPROVEMENT CAN GUIDE YOU TO SOLUTIONS.

"Patients are prepped in no time at all, but they **sit in the pre-op bay for hours** before their surgery."

"Our patients arrive hours before their scheduled procedure and then **wait for a long time.**"

Our OR suite is at capacity. **We have no option but to physically expand** to keep up with demand.

HPP has helped clients solve these issues before.

Let the HPP team assess your current situation. Our operational assessment techniques are drawn from many schools of process improvement to deliver a best practice solution for any case, any problem.

Not only will we help you identify solutions, we will help you implement them. Rapidly. *Call HPP today at 615.206.0701 to get started.*

"My organization needs to..."

...increase our **OR capacity.**"

Representative Outcomes

HPP has improved efficiency allowing for enough extra cases per day to translate to a **potential revenue increase of more than \$1 million per month.**

...**reduce pre-op waiting times** while improving quality of the procedure."

HPP has seen **pre-op waiting improvements of between 40 and 50 percent.** As well, efforts to promote standard work improved quality while decreasing confusion.

...improve our **rates of first case on-time starts.**"

HPP has **improved on-time first case starts from 38% to more than 80%**, with improvement ongoing.

...improve our **OR turnaround time average.**"

HPP has achieved a **more than 40 percent improvement in OR turnaround time**, while improving the quality and consistency of the turnaround.

...**track our pre-op patients** better."

Assessment determined the need for a simple, yet standardized, patient tracking system. Implementation resulted in a **more than 90% decrease in patient location inquiries.**
